An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In claim 14, line 4, delete "and" after "with He-O₂ supplied at about", and before "3.0".

In claim 20, line 1, delete "Thee" before "method of claim 16,", and insert instead --The--

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jeffrey M. Chamberlain on April 21, 2005.

The following is an examiner's statement of reasons for allowance: the prior art taken alone or in combination neither discloses nor makes obvious the instant invention including separate break-through, main, over, and flash etching steps, as recited in the context of claim 1. Therefore, the prior art of record neither anticipates nor renders obvious the claimed subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
